Wear a
face mask

3

Warn

Avoid physical
contact

Practice good
hygiene ethics

Disinfect
regularly

Get immediate
treatment if show
symptoms

During Movement Control Order: 3 Simple Ways To Prevent COVID-19

1 PERSONAL HYGIENE

Wash your hands often with soap and water for at least 20 seconds. Don't touch your eyes, nose and mouth with

Cover mouth and nose with tissue when coughing or sneezing, dispose tissue in

Do not share personal items, such as toothbrushes, towels, eating utensils and personal electronic devices.

2 DISINFECTION

Clean and disinfect commonly touched surfaces, such as door handles, light switches, bathroom fixtures, phones and remote

3 SOCIAL DISTANCING

Maintain a distance of at least 1 metre from others.

Keep in touch with family members and friends through calls and texts.

PUBLIC IS ADVISED TO CONTINUE TO ADHERE TO THIS:

THIS

T: Terms and SOPs set under the CMCO

S: Safe social distancing is always practiced, of at least 1 meter away from others.

Hi: High-risk groups such as children, infants, older adults and the disabled must be protected, and if unwell with symptoms, to seek early treatment.
